

April 20, 2005

Dear Budget Committee Members and Conferees,

We, the undersigned organizations, are writing to urge that any conference agreement on the budget maintain the Senate position that reflects the bipartisan support of the Smith-Bingaman amendment, striking all Medicaid cuts to the budget and establishing a bipartisan Medicaid Commission (S.338/HR.985). The elimination of such cuts is essential for the health and long-term care of Medicaid enrollees, the providers who serve them, and state and local units of governments.

While we understand the enormous pressure you are under as a budget conferee, please remember that Medicaid is the essential source of health access for 53 million of our nation's most vulnerable citizens, and any changes to the program should be driven by policy and not by arbitrary budget numbers. The Senate's Budget Resolution recognizes this principle, and we urge you to maintain the Senate position and reject any reconciled cuts to Medicaid.

CC: United States Senate
United States House of Representatives

Sincerely,
